## ONLINE SHOPPING

**If you would like to be able to order SCRIP cards yourself, these are things you should know:**

1. You will need the account number ("Enrollment Code") for the church with the Raise Right program (7AAC422A12255). That way your order will be processed, and Raise Right will send your earnings to our program. Click this link to be taken directly to St. Andrew's program account, be sure our enrollment code shows in the box, click "Join a Program", create your account, and begin shopping:

<https://www.raiseright.com/enroll?enrollCode=7AAC422A12255>

2. FEES: If you register your bank account number with Raise Right, then the charge to your bank account for using that service is only \$0.29. If you pay by debit card, you will be charged only 1% of the total. If you pay by credit card, you will be charged 2.6% of the total.

3. If you want the physical cards shipped to your home, the cost is \$1.00 for the first card and \$0.50 for each additional card. The cards are sent by USPS. If you want faster shipping, you can select that option and the cost will appear in your total bill.

4. You can avoid the shipping cost if you select the option - 'ship to coordinator', then your cards will be shipped the next time the coordinator places an order, and they can be picked up at the church. The coordinator's bulk orders are usually placed every two weeks on a Sunday, and they are usually available the following Tuesday or Wednesday afternoon.

5. Some of the physical cards are reloadable - check the website for a list of the participating merchants with notations by each listing as to whether the card is available for e-cards and/or reloadable cards. If the card is reloadable it needs to be registered with your account on the Raise Right website and paid for with your bank account or credit card - the cost of that service will be added to your total. E-cards are available as soon as the payment is received by Raise Right and, of course, there is no shipping cost.

6. Cards for Grocery Outlet are only available from the coordinator and must be paid for when ordered. There is no shipping cost since the cards are picked up at the store by the coordinator.

For any questions, please contact our SCRIP program organizer, Nancy Goad:
